Visa United Arab Emirates Interchange Reimbursement Fees¹

Effective **21 May 2022**, the following interchange rates apply to domestic purchase transactions processed through Visa Payment System and are paid by the acquirer to the issuer. These domestic interchange rates are generally applicable for Visa branded consumer and commercial cards issued in the United Arab Emirates and used at merchants that are acquired in the United Arab Emirates.

Visa uses interchange reimbursement fees as transfer fees between issuers and acquirers to balance and grow the payment system for the benefit of all participants. Interchange is not a revenue to Visa. Merchants do not pay interchange reimbursement fees; merchants pay a "merchant discount rate" to their acquirer for a variety of processing services provided by the respective financial institution and interchange may only be one component of their overall merchant discount rate.

DEBIT CONSUMER CARDS RATES

Applicable rates for General Merchant Segments

| Debit Consumer Cards Rates | Product | Alternative | Downgrade Rate (not applicable to card-present transactions) | |
